Tips for sharing books with babies

- Pick the best time – when both of you are in the mood.
- Share the book – point to pictures and talk in an excited voice.
- Watch baby – let baby play with the book. Take a break if baby's not having fun.
- Cuddle – touch and love baby while sharing books.
- Share books every day – it's important even if only for a few minutes.

It's okay if your baby...

- teethes on books or handles them roughly. Babies explore objects with all their senses.
- quickly loses interest or is easily distracted when you read. Skip to a favorite page or try again later.

Please ask your librarian for help finding the books in this list, or for more reading resources.

Reading to Babies
