Crazy 8's Math Club Events at the Denair Library

The Crazy 8's Math Club continues this September at the Denair Library. On Thursdays at 4 p.m. children ages 6 to 12 can experience fun mathematical activities that will both entertain and educate. These weekly events provide an opportunity for children to interact with their peers while learning basic math skills.

The month starts with Glow in the Dark Geometry on September 4. Participants will learn to recognize geometric shapes by creating the shapes with glowsticks!

On September 11, children are invited to "Get Loud" at the library. Children can build a working flute to find out exactly how loud they are!

Have the "Time of Your Life" on September 18 with math activities that investigate what makes people "tick." Children can race to do crazy stunts, "be" a clock, and find out if they have the winning birthday!

The monthly activities conclude with the Toilet Paper Olympics on September 25. Children will be able to put their Olympic skills to the test with a toilet paper long jump and shot put! The Toilet Paper Olympics event is sponsored by the Friends of the Denair Library.

The Denair Library is located at 4801 Kersey Road in Denair. For more information, please contact the Denair Library at (209) 634-1283.
